SERVING

INGREDIENTS

- 12 oz water
- 1 cup spinach
- 2 cups frozen mixed berries
- ½ cup plain low-fat yogurt
- 2 scoops vanilla protein powder
- 1 tbsp walnuts
- 1 tbsp ground flaxseed

METHOD

- 1 Add all ingredients to a blender.
- 2 Blend until smooth and creamy.
- 3 Serve cold and drink within 45 minutes of training for best recovery.

KEY VITAMINS + MINERALS

- Vitamin C (Berries) supports immune system and recovery
- Iron (Spinach) helps oxygen reach working muscles
- Calcium (Yogurt) strengthens bones
- Omega-3s (Walnuts & Flaxseed) reduce inflammation
- Antioxidants (Berries & Spinach) help muscles recover faster

BEST TIME TO DRINK

- ✓ After intense practices or games
- ✓ As a recovery meal replacement
- ✓ On strength-training days
- ✗ Not ideal right before competition (high fiber may slow digestion)
