

Your Starting Point

IN-SEASON

The system is live. Now you run it.

SECTION 03 · BREAKTHROUGH TRACK · MAZE PERFORMANCE

01 · WHAT THIS PHASE ACTUALLY IS

THE WORK YOU DID BEFORE
IS PAYING OFF RIGHT NOW.

Everything is happening at the same time and the season does not pause. This is not the time to build the system. This is the time to run it.

The question is not whether the system works. **It works.**

The question is whether you trust it when the pressure is real.

02 · ALL TOOLS LIVE

HERE IS HOW TO USE THEM.

GAME PAGES

Before: mantra + team goal + three skills (30 sec).
After: one observation per focus skill. What did you see in yourself not the score.

PRACTICE PAGES

Before: three intentions. What are you specifically building today?
After: coach feedback + did you achieve your intentions? One honest takeaway.

HABIT TRACKER

30 seconds before bed. Every night. Honest marks.
Look at your data weekly. What is the pattern?

PARENT PROTOCOL

Game day three moves. Practice drop-off intention.
Weekly checkpoint prompt. One honest answer per week.

03 · STRATEGIC FOCUS

CONSISTENCY OVER INTENSITY.

MID-SEASON DRIFT

Mid-season is when the system gets tested. Novelty gone. Motivation not automatic. Maybe not playing as expected.

This is not a sign the system is not working. This is exactly what the system is built for.

When motivation drops the system carries her.
When outcomes disappoint the process holds her.

WAYPOINT 4 The process is the point. The outcome is the byproduct.

WAYPOINT 7 The system around the athlete matters more than the talent.
